

Portal

The Portal is a NEW product that complements your cloud Premier billing program. The Portal is the best and easiest way for the Biller or Billing Service to give access to any provider that would like to view their patient and billing data. This will reduce any delay in communication from Biller to Provider and at any time the provider can easily view a patient balance or run a report!

- Accessibility to all of the patients along with their Patient Balance
- Visibility to run reports by a specific patient or by your Company
- Capability for user management

How Does It Work?

The Portal works hand in hand with your cloud Premier billing program. All you have to do is create your Admin portal user first and start [signing up](#) your portal users. Each portal user can be linked to their Premier company file.

Pricing

The Admin Portal User is \$10 per month, the 1st portal user is FREE, any additional portal user is \$10 per month.

Getting Started

Once you sign up for the Portal, an email will be sent to you to create your account. Please click the link in email **within 24 hours** of receiving it.

An EZClaim Portal Account has been created with this email address as the login.

To confirm your account and set your password, click [here](#). The link will expire in 24 hours

You will be required to enter a verification code which is sent to you via text or you may receive a phone call. Once the verification code is confirmed, you will enter an NPI from one of your Premier company files and a *8-character password* that contains at least *1 uppercase letter, 1 lowercase letter, 1 number, and 1 special character (!@#%\$)*.

Example password: Ezclaim1\$

Logging into Portal

Click on: <https://portal.ezclaim.com>

Enter your *username* and *password*
